

“To Grow Spiritually and Serve Boldly as the Hands, Feet, and Heart of Jesus”

ROBC Connections - September 11, 2024

A Word From the IP....

I want to thank you for the opportunity to walk with you in our journey of faith. I look forward to working together with Christ as his hands and feet in the world. I hope each of us will commit to praying for each other. Our worship experience is inclusive which means everyone is involved. Worship is not a spectator experience but each of us unite our spirits before God. The suggestion box in the vestibule gives you an opportunity to share scriptures or topics you would like me to share with you. You do not have to share your name but write your suggestion on the card and put it in the box. Let's see what God has planned. ~David
